

FY2026 Major Equipment and Materials Procurement Plan

Division	Equipment category	Item	Detailed specifications	Quantity	Unit	Place of delivery	Scale class	Expected order	Expected delivery	Project title
Civil engineering	Other components	Distribution switchboard	CVCF distribution switchboard x 4 panels at 2 locations	1	Set	Gifu Server Center, etc.	C	2026/9	2028/4	Installation of company-wide hydraulic power control system
Civil engineering	Other components	Seismograph	Seismograph	9	Units	Kamiosu Dam, etc.	C	2026/12	2027/12	Replacement of seismograph at Okumino Hydroelectric Power Station Kaore and Kamiosu Dams
Civil engineering	Dam management equipment	Discharge alarm control station	Replacement of discharge alarm control station x 1 set (Ohkubo, Minakata, Ikuta, Kurokawa, Komaba, Yasuoka, Wachino, and Hiraoka systems)	1	Set	Ohkubo Dam, etc.	A	2026/4	2027/11	Replacement, etc., of discharge alarm control station within the jurisdiction of Iida Hydraulic Center
Civil engineering	Dam management equipment	Input/output relay device	Replacement of input/output relay device x 1 set (Kuroda, Yahagi Daini, and Douzuki Dams)	1	Set	Kuroda Dam, etc.	A	2026/4	2028/10	Replacement of input/output relay device, etc., within the jurisdiction of Aichi Hydraulic Center
Civil engineering	Dam management equipment	Input/output relay device	Remodeling of input/output relay device x 1 set (Azuri and Koshido Dams)	1	Set	Azuri Dam, etc.	A	2026/4	2029/1	Remodeling of input/output relay device, etc., within the jurisdiction of Aichi Hydraulic Center
Civil engineering	Dam management equipment	Software	Remodeling of Hida River water system power generation plan AI system software x 1 set	1	Set	Kawabe Hydraulic Power Control Center	A	2026/4	2030/5	Installation of company-wide hydraulic power control system
Civil engineering	Dam management equipment	Flow rate prediction processing device	Replacement of rainfall and flow rate prediction system x 1 set	1	Set	Gifu Server Center, etc.	A	2026/6	2028/9	Installation of company-wide hydraulic power control system
Civil engineering	Dam management equipment	Discharge alarm control station	Replacement of discharge alarm control station x 1 set (Himekawa Daini, Himekawa Daisan, Uminokuchi, and Dorogawa systems)	1	Set	Himekawa Daini Dam, etc.	B	2026/4	2027/11	Replacement, etc., of discharge alarm control station within the jurisdiction of Nagano Hydraulic Center
Civil engineering	Dam management equipment	Discharge alarm speaker, etc.	Replacement of speaker and sound-collecting microphone	1	Set	Kamiasou Dam, etc.	B	2026/4	2027/3	Repair of discharge alarm speaker, etc., within the jurisdiction of Gifu Hydraulic Center
Civil engineering	Dam management equipment	Discharge alarm console	Remodeling of discharge alarm console x 1 set (Tenryu River upstream and downstream G)	1	Set	Iida Hydraulic Center	C	2026/4	2027/11	Replacement, etc., of discharge alarm control station within the jurisdiction of Iida Hydraulic Center
Civil engineering	Dam management equipment	Discharge alarm console	Remodeling of discharge alarm console x 1 set	1	Set	Nagano Hydraulic Center	C	2026/4	2027/11	Replacement, etc., of discharge alarm control station within the jurisdiction of Nagano Hydraulic Center
Civil engineering	Dam management equipment	Recorder	Meteorological observation recorder	1	Set	Kawaguchi Hydroelectric Power Station, etc.	C	2026/4	2027/3	Replacement of meteorological observation recorder at hydroelectric power stations within the jurisdiction of Shizuoka Hydraulic Center
Civil engineering	Dam management equipment	Notification monthly report device	-	1	Set	Odai Town, Taki District, Mie Prefecture	C	2026/4	2027/3	Replacement of notification advisory monthly report device at Mie Hydraulic Center
Civil engineering	Dam management equipment	Gate opening indicator	-	2	Units	Sakae Village, Nagano Prefecture	C	2026/4	2027/5	Replacement of Shikumigawa Daiichi Hydroelectric Power Station Dam scouring sluice opening meter
Civil engineering	Dam management equipment	Water gauge	Kunowaki Power Station waste-water port water gauge, etc.	1	Set	Kunowaki Hydroelectric Power Station, etc.	C	2026/5	2027/3	Replacement of water gauge at hydroelectric power stations within the jurisdiction of Shizuoka Hydraulic Center
Civil engineering	Dam management equipment	ITV	Dam ITV	1	Set	Ohigawa Hydroelectric Power Station, etc.	C	2026/5	2028/3	Replacement of dam ITV device at hydroelectric power stations within the jurisdiction of Shizuoka Hydraulic Center
Civil engineering	Dam management equipment	Automatic control device	Replacement of surface water intake automatic control device x 1 set (Ikawa Dam)	1	Set	Ikawa Dam	C	2026/6	2027/10	Replacement of input/output relay device, etc., within the jurisdiction of Ikawa Hydraulic Management Center
Civil engineering	Dam management equipment	Software	Remodeling of work application system software x 1 set	1	Set	Kawabe Hydraulic Power Control Center	C	2026/6	2027/10	Remodeling of relevant equipment associated with the development of power generation plan support AI system for the Hida River water system (week)
Civil engineering	Dam management equipment	Waterway control device	-	1	Set	Kijimadaira Village, Nagano Prefecture	C	2026/6	2027/7	Replacement of Tarugawa Hydroelectric Power Station waterway control equipment
Civil engineering	Dam management equipment	Automatic control device	Automatic control device (control type Aa), insulated transformer, digital recorder, modem (1 pair), pressure water gauge	1	Set	Hiroto Hydroelectric Power Station Dam	C	2026/7	2027/10	Replacement of Hiroto Hydroelectric Power Station waterway control device, repair of Hiroto Hydroelectric Power Station dam float water gauge
Civil engineering	Dam management equipment	ITV	ITV system for dams x 1 set (including remodeling of existing equipment due to the conversion of camera PG communication to video PF)	1	Set	Koshido Hydraulic Power Control Center	C	2026/8	2027/3	Replacement of ITV equipment at hydroelectric power stations within the jurisdiction of Aichi Hydraulic Center
Civil engineering	Dam management equipment	Machine-side panel for B-rank gate	Type-B machine-side panel	13	Panels	Azumino City, Nagano Prefecture	C	2026/8	2027/11	Replacement of machine-side panels for Nakabusa Daigo Hydroelectric Power Station, etc.
Civil engineering	Dam management equipment	Water gauge	-	1	Set	Otari Village, Nagano Prefecture	C	2026/8	2027/9	Replacement of Nakatani River water gauge for Himekawa Daisan Hydroelectric Power Station
Civil engineering	Dam management equipment	Software	Remodeling of Hida River water system power generation plan support AI system software x 1 set	1	Set	Kawabe Hydraulic Power Control Center	C	2026/10	2027/8	Functional improvement (improved solution presentation rate) for Hida River power generation plan support AI system (the day and the following day)
Civil engineering	Dam management equipment	Drainage valve, dam management equipment	Akaishizawa Power Station water tank drainage valve	1	Set	Akaishizawa Hydroelectric Power Station	C	2026/10	2028/3	Electrification of Akaishizawa Hydroelectric Power Station water tank drainage valve
Civil engineering	Dam management equipment	Guide vane opening indicator	Absocoder detector replacement	3	Units	Takane Daiichi Hydroelectric Power Station	C	2026/10	2028/3	Replacement of Takane Daiichi Hydroelectric Power Station guide vane opening indicator detector
Civil engineering	Dam management equipment	Remodeling of discharge alarm relay station	Remodeling of software	1	Set	Asahi Dam, etc.	C	2026/10	2027/3	Transition of Asahi Hydroelectric Power Station discharge alarm equipment to speakers
Civil engineering	Dam management equipment	Opening difference detection device	PLC type	1	Panel	Seto Daiichi Dam	C	2026/10	2028/3	Replacement of machine-side panel for spillway gate, etc., at Seto Daiichi Hydroelectric Power Station
Civil engineering	Dam management equipment	Software	Remodeling of information transmission equipment software for TSO x 1 set (Mie, Nagano, Iida, Kawabe, Shiogou)	1	Set	Mie Hydraulic Center, etc.	C	2027/2	2028/5	Installation of company-wide hydraulic power control system
Civil engineering	Dam management equipment	Software	Remodeling of renewable energy operation information browsing system software x 1 set	1	Set	Kawabe Hydraulic Power Control Center	C	2027/2	2028/6	Remodeling of renewable energy operation information browsing system (measure for TC board discontinuation)
Civil engineering	Dam management equipment	PLC, etc.	PLC x 5 units, eliminator x 1 unit, lead-acid battery and charger x 5 units, amplifier replacement x 14 units	1	Set	Kawaguchi Hydroelectric Power Station	C	2027/2	2027/5	Repair of Kawaguchi Hydroelectric Power Station discharge alarm relay station
Civil engineering	Dam management equipment	Gate opening indicator	-	1	Unit	Hakuba Village, Nagano Prefecture	D	2026/4	2026/10	Replacement of Futamata Hydroelectric Power Station Matsukawa Dam scouring sluice opening meter
Civil engineering	Dam management equipment	Machine-side panel for B-rank gate	Grit chamber water control gate machine-side panel Grit chamber scouring sluice machine-side panel	1	Set	Matsusaka City, Mie Prefecture	D	2026/5	2027/3	Replacement of machine-side panel for grit chamber water control gate, etc., at Miyamae Hydroelectric Power Station

FY2026 Major Equipment and Materials Procurement Plan

Division	Equipment category	Item	Detailed specifications	Quantity	Unit	Place of delivery	Scale class	Expected order	Expected delivery	Project title
Civil engineering	Dam management equipment	Software	Remodeling of software for device for providing renewable energy information x 1 set	1	Set	Koshido Hydraulic Power Control Center	D	2026/6	2027/10	Remodeling of relevant equipment associated with the development of power generation plan support AI system for the Hida River water system (week)
Civil engineering	Dam management equipment	ITV	Abekawa Dam simplified ITV	1	Set	Abekawa Hydroelectric Power Station	D	2026/6	2027/3	Installation of simplified ITV for Abekawa Hydroelectric Power Station Abekawa Dam
Civil engineering	Dam management equipment	Gate opening indicator (Absocoder type)	Gate opening indicator (Absocoder type)	1	Set	Hiroto Hydroelectric Power Station Dam	D	2026/7	2027/10	Replacement of Hiroto Hydroelectric Power Station gate opening indicator
Civil engineering	Dam management equipment	Software	Remodeling of software for device for providing renewable energy information x 1 set	1	Set	Kawabe Hydraulic Power Control Center	D	2026/10	2027/5	New construction work and electrical work for Nishimura Hydroelectric Power Station
Civil engineering	Dam management equipment	Remodeling of discharge alarm control station	Remodeling of software	1	Set	Asahi Dam Management Office, etc.	D	2026/10	2027/3	Transition of Asahi Hydroelectric Power Station discharge alarm equipment to speakers
Civil engineering	Dam management equipment	Remodeling of discharge alarm control station	Nishidaira and Kuze Dams transition to siren-free system	2	Panels	Nishidaira Dam Management Office, etc.	D	2026/10	2027/3	Replacement of Nishidaira Hydroelectric Power Station discharge alarm relay station
Civil engineering	Dam management equipment	Spillway alarm device	Spillway alarm device	1	Panel	Osakagawa Hydroelectric Power Station	D	2026/12	2028/3	Replacement of Osakagawa Hydroelectric Power Station spillway alarm device
Civil engineering	Dam management equipment	UPS panel	UPS board (3 kVA x 3 units) CVCF distribution switchboard (3 systems)	1	Set	Asahi Dam Management Office	D	2026/12	2027/12	Replacement of Asahi Hydroelectric Power Station Asahi Dam CVCF equipment (conversion to UPS)
Civil engineering	Dam management equipment	Spillway alarm device	Spillway alarm device	1	Panel	Hatahoko Hydroelectric Power Station	D	2026/12	2027/12	Replacement of Hatahoko Hydroelectric Power Station spillway alarm device
Civil engineering	Dam management equipment	ITV	Haibaragawa Dam simplified ITV	1	Set	Kunowaki Hydroelectric Power Station	D	2027/1	2028/3	Replacement of simplified ITV for Kunowaki Hydroelectric Power Station Haibaragawa Dam
Civil engineering	Dam management equipment	Distribution switchboard	Distribution switchboard	1	Panel	Kunowaki Hydroelectric Power Station	D	2027/1	2027/3	Replacement of Kunowaki Hydroelectric Power Station Sakidaira distribution switchboard
Civil engineering	Dam management equipment	Software	Remodeling of information transmission equipment software for TSO x 1 set (Koshido)	1	Set	Koshido Hydraulic Power Control Center	D	2027/2	2028/5	Installation of company-wide hydraulic power control system
Civil engineering	Dam management equipment	Transformer	Hatanagi Daiichi Dam transformer	1	Set	Hatanagi Daiichi Hydroelectric Power Station	D	2027/2	2028/3	Replacement of surge-protected transformer for Hatanagi Daiichi Hydroelectric Power Station Hatanagi Daiichi Dam
Civil engineering	Dam management equipment	Gate opening indicator	Gate opening indicator	1	Unit	Ohigawa Hydroelectric Power Station	D	2027/2	2027/5	Installation of intake opening meter for Ohigawa Hydroelectric Power Station Yokosawagawa Daiichi Dam
Civil engineering	Dam management equipment	Sustained flow rate input/output relay panel, etc.	Replacement of PLC, relay, and timer for sustained flow rate input/output relay panel and sustained flow rate automatic control device	1	Set	Ohigawa Hydroelectric Power Station	D	2027/2	2027/5	Repair of parts for automatic sustained water discharge control device and other devices at Ohigawa Hydroelectric Power Station Ohigawa Dam
Civil engineering	Dam management equipment	Remodeling of notification monthly report device, etc.	Remodeling of software	1	Set	Kawabe Hydraulic Power Control Center	D	2027/3	2027/7	New construction work for Nishimura Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Dust collector	Sakaigawa Dam dust collector	1	Set	Kunowaki Hydroelectric Power Station	A	2026/10	2028/3	Improvement of intake dust collector for Kunowaki Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Rubber-coated fabric inflatable dam	Rubber-fabric inflatable dam body Rubber-fabric inflatable dam control panel, etc.	1	Set	Kasuga Hydroelectric Power Station	A	2026/10	2027/11	Repair of rubber-fabric inflatable dam for Kasuga Hydroelectric Power Station Kasugawa Dam
Civil engineering	Civil engineering equipment	Minakata Hydroelectric Power Station Minakata system alarm siren control panel	Siren control panel x 10 panels	1	Set	Minakata Hydroelectric Power Station	B	2026/5	2027/3	Replacement of Minakata Hydroelectric Power Station Minakata system alarm siren control panel
Civil engineering	Civil engineering equipment	Minakata Hydroelectric Power Station discharge alarm	Siren x 1 unit, speaker x 2 units, sound-collecting microphone x 1 unit, etc.	1	Set	Minakata Hydroelectric Power Station	B	2026/5	2027/3	Relocation of Minakata Hydroelectric Power Station discharge alarm 6-3 fault
Civil engineering	Civil engineering equipment	Railway supplies	Signal control relay panel (Nagashima Dam Station) Signal control relay panel (Sessokyo Onsen Station)	1	Set	Shizuoka Hydraulic Center	B	2026/6	2028/3	Replacement work on signal control relay panel for Ohigawa Railway (Nagashima Dam Station), replacement work on signal control relay panel for Ohigawa Railway (Sessokyo Onsen Station)
Civil engineering	Civil engineering equipment	Railway supplies	Brake lining (for electric locomotive)	120	Pcs	Shizuoka Hydraulic Center	B	2026/6	2029/3	Purchase of brake linings for electric locomotives on Ohigawa Railway
Civil engineering	Civil engineering equipment	Dust removing equipment	Dust collector, conveyor, water level difference gauge, control panel, screen	1	Set	Azumino City, Nagano Prefecture	B	2026/7	2027/8	Replacement of confluence grit chamber dust collector for Nakabusa Daigo Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Screen	Ohigawa Dam screen	1	Panel	Ohigawa Hydroelectric Power Station	B	2026/12	2028/3	Replacement of intake screen for Ohigawa Hydroelectric Power Station Ohigawa Dam
Civil engineering	Civil engineering equipment	Spillway gate winding machine	Spur gear bearing, etc.	1	Set	Kuze Hydroelectric Power Station	B	2026/12	2027/10	Replacement of No. 1/2 spillway gate winding machine spur gear, etc., for Kuze Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Spillway gate winding machine	Spur gear bearing, etc.	1	Set	Shimohara Hydroelectric Power Station	B	2026/12	2027/12	Replacement of No. 1/7 spillway gate winding machine spur gear, etc., for Shimohara Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Koshido Hydroelectric Power Station spillway gate wire rope	Wire rope x 8 pcs, φ35.5 mm, 6 x 61, L = 19 m, G/O, type B	1	Set	Koshido Dam	C	2026/4	2026/12	Replacement of spillway gate wire rope for Koshido Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Kawashimo Hydroelectric Power Station grit chamber scouring sluice winding machine	Manual winding machine x 2 units	1	Set	Kawashimo Dam	C	2026/4	2027/3	Replacement of grit chamber scouring sluice winding machine for Kawashimo Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Kawashimo Hydroelectric Power Station No. 1 Dam scouring sluice winding machine repair parts	Overhaul of winding machine x 1 set	1	Set	Kawashimo Dam	C	2026/4	2027/2	Replacement of scouring sluice winding machine parts for Kawashimo Hydroelectric Power Station No. 1 Dam
Civil engineering	Civil engineering equipment	Motor	Ohigawa Dam intake water control gate motor	1	Set	Ohigawa Hydroelectric Power Station	C	2026/4	2027/3	Replacement of electric motor for Ohigawa Hydroelectric Power Station Ohigawa Dam intake
Civil engineering	Civil engineering equipment	Railway supplies	Wooden cross-sleeper (various)	1	Set	Shizuoka Hydraulic Center	C	2026/4	2026/8	Sleeper replacement work for Ohigawa Railway (in FY2026)
Civil engineering	Civil engineering equipment	Railway supplies	Resin cross-sleeper (various)	1	Set	Shizuoka Hydraulic Center	C	2026/4	2027/2	Sleeper replacement work for Ohigawa Railway (in FY2026)
Civil engineering	Civil engineering equipment	Wire rope	Yamatodani Dam scouring sluice, Doukuradani Dam scouring sluice, Doukuradani Dam intake water control gate, Shimoizue water tank water control gate	1	Set	Odai Town, Taki District, Mie Prefecture	C	2026/4	2026/9	Purchase of wire rope for gates at hydroelectric power stations within the jurisdiction of Mie Hydraulic Center

FY2026 Major Equipment and Materials Procurement Plan

Division	Equipment category	Item	Detailed specifications	Quantity	Unit	Place of delivery	Scale class	Expected order	Expected delivery	Project title
Civil engineering	Civil engineering equipment	Wire slack detector	-	1	Set	Odai Town, Taki District, Mie Prefecture	C	2026/4	2027/2	Installation of wire slack detector for Miyagawa Daisan Hydroelectric Power Station Doukuradani Dam scouring sluice
Civil engineering	Civil engineering equipment	Water tank water control gate winding machine	Water tank water control gate winding machine motor, water tank scouring sluice winding machine, water tank scouring sluice control panel	1	Set	Oofunato Hydroelectric Power Station	C	2026/4	2026/12	Repair of water tank water control gate winding machine, etc., for Oofunato Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Spillway gate winding machine	Wire slack detection device	11	Gates	Oofunato Hydroelectric Power Station	C	2026/4	2028/1	Installation of wire slack detection device for Oofunato Hydroelectric Power Station spillway gate
Civil engineering	Civil engineering equipment	Drainage pump	Drainage pump, drainage pump control panel	1	Set	Okumino Hydroelectric Power Station	C	2026/4	2026/9	Expansion of drainage pump inside Okumino Hydroelectric Power Station Kaore Dam embankment
Civil engineering	Civil engineering equipment	Dust collector control panel, etc.	Nishiyama Dam intake dust collector control panel, Nishiyama water tank dust collector control panel, Nishiyama Dam intake dust collector rake chain	1	Set	Nishiyama Hydroelectric Power Station	C	2026/5	2027/3	Replacement of control panel for intake dust collector, etc., and repair of intake dust collector for Nishiyama Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Dust collector rake chain	Rake chain	1	Set	Kamiasou Hydroelectric Power Station	C	2026/5	2027/1	Repair of grit chamber dust collector for Kamiasou Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Ohkubo Hydroelectric Power Station Ohkubo system alarm relay station	Relay station x 3 units	1	Set	Ohkubo Hydroelectric Power Station	C	2026/5	2027/3	Replacement of Ohkubo Hydroelectric Power Station Ohkubo system alarm relay station
Civil engineering	Civil engineering equipment	Yasuoka Hydroelectric Power Station Yasuoka system alarm siren control panel	Siren control panel x 12 panels	1	Set	Yasuoka Hydroelectric Power Station	C	2026/5	2027/3	Replacement of Yasuoka Hydroelectric Power Station Yasuoka system alarm siren control panel
Civil engineering	Civil engineering equipment	Ikuta Hydroelectric Power Station observatory DC power supply device, etc.	DC power supply device x 3 units	1	Set	Ikuta Hydroelectric Power Station	C	2026/5	2027/3	Replacement of observatory DC power supply device for hydroelectric power stations within the jurisdiction of Iida Hydraulic Center
Civil engineering	Civil engineering equipment	Railway supplies	Level crossing alarm device x 1 machine, control panel x 1 panel	1	Set	Shizuoka Hydraulic Center	C	2026/6	2028/3	Alarm device and control panel replacement work for Ohigawa Railway Sawama No. 1 level crossing
Civil engineering	Civil engineering equipment	Douzuki Hydroelectric Power Station grit chamber dust collector parts	Replacement of grit chamber dust collector parts	1	Set	Douzuki Dam	C	2026/7	2027/2	Repair of Douzuki Hydroelectric Power Station grit chamber dust collector
Civil engineering	Civil engineering equipment	DC power supply device	Akaishi Dam main standby power generator DC power supply device	1	Panel	Akaishi Hydroelectric Power Station	C	2026/10	2027/11	Replacement of DC power supply device for Akaishi Hydroelectric Power Station Akaishi Dam main standby power generator
Civil engineering	Civil engineering equipment	Standby power generator	Relay, timer, magnet, catalytic plug, AVR battery	1	Set	Kawabe Hydroelectric Power Station, etc.	C	2026/10	2027/10	Repair of standby power generator parts within the jurisdiction of Gifu Hydraulic Center (in FY2027)
Civil engineering	Civil engineering equipment	Dust collector components	Rake chain, sprocket, take-up unit, etc.	1	Set	Kasuga Hydroelectric Power Station	C	2026/10	2027/11	Improvement of Kasuga Hydroelectric Power Station Kasugawa Dam grit chamber dust collector
Civil engineering	Civil engineering equipment	Machine-side panel for A-rank gate	For spillway gate, etc.	9	Panels	Seto Daiichi Dam	C	2026/10	2028/3	Replacement of machine-side panel for spillway gate, etc., at Seto Daiichi Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Dust collector control panel	Sumatagawa Dam intake dust collector control panel	1	Panel	Ohigawa Hydroelectric Power Station	C	2026/12	2028/3	Replacement of control panel for Ohigawa Hydroelectric Power Station Sumatagawa Dam intake dust collector
Civil engineering	Civil engineering equipment	Railway supplies	Rail (10 m/pc)	47	Pcs	Shizuoka Hydraulic Center	C	2026/12	2027/7	Rail replacement work for Ohigawa Railway (in FY2026)
Civil engineering	Civil engineering equipment	Dust collector rake chain	Rake chain	1	Set	Kawabe Hydroelectric Power Station	C	2026/12	2027/10	Repair of Kawabe Hydroelectric Power Station intake dust collector rake chain
Civil engineering	Civil engineering equipment	Screen	Yokosawa Daini Dam screen	1	Panel	Ohigawa Hydroelectric Power Station	C	2026/12	2028/3	Improvement of Ohigawa Hydroelectric Power Station Yokosawa Daini Dam screen
Civil engineering	Civil engineering equipment	Railway supplies	Electric locomotive bogie parts	1	Set	Shizuoka Hydraulic Center	C	2027/1	2028/7	Disassembly and inspection of Ohigawa Railway electric locomotive bogies
Civil engineering	Civil engineering equipment	Gate remodeling	Orifice hole installation	4	Gates	Azumino City, Nagano Prefecture	C	2027/1	2027/10	Improvement of sustained flow rate equipment for Karasugawa Daisan Hydroelectric Power Station
Civil engineering	Civil engineering equipment	Wire rope	Akaishi Dam intake gate wire rope	1	Set	Akaishi Hydroelectric Power Station	D	2026/4	2026/9	Repair of wire rope for Akaishi Hydroelectric Power Station Akaishi Dam intake
Civil engineering	Civil engineering equipment	Door stopper	-	1	Set	Taiki Town, Watarai District, Mie Prefecture	D	2026/4	2027/3	Repair of door stopper for Naga Hydroelectric Power Station Takihara Dam scouring sluice
Civil engineering	Civil engineering equipment	Dust collector components	Chain for rake, main shaft bearing, main shaft sprocket, underwater bearing bushing	1	Set	Yoshidagawa Hydroelectric Power Station	D	2026/4	2027/12	Repair of Yoshidagawa Hydroelectric Power Station water tank dust collector
Civil engineering	Civil engineering equipment	Dust collector parts	-	1	Set	Azumino City, Nagano Prefecture	D	2026/4	2026/7	Replacement of control panel for Karasugawa Daisan Hydroelectric Power Station dust collector
Civil engineering	Civil engineering equipment	Dust collector parts	-	1	Set	Ueda City, Nagano Prefecture	D	2026/4	2026/10	Repair of Yokosawa Daiichi Hydroelectric Power Station water tank dust collector
Civil engineering	Civil engineering equipment	Kawashimo Hydroelectric Power Station water tank dust collector parts	Rake chain and other components x 1 set	1	Set	Kawashimo Hydroelectric Power Station	D	2026/5	2027/3	Replacement of Kawashimo Hydroelectric Power Station water tank dust collector parts
Civil engineering	Civil engineering equipment	Dust collector conveyor	Conveyor	1	Set	Neo Hydroelectric Power Station	D	2026/5	2026/11	Improvement of Neo Hydroelectric Power Station water tank dust collector conveyor
Civil engineering	Civil engineering equipment	Komaba Hydroelectric Power Station Komaba Dam CVCF parts	Replacement of charger and capacitor	1	Set	Komaba Hydroelectric Power Station	D	2026/5	2027/3	Repair of Komaba Hydroelectric Power Station Komaba Dam CVCF parts
Civil engineering	Civil engineering equipment	Shin-otagiri Hydroelectric Power Station signal relay panel	Signal relay panel x 1 panel	1	Set	Shin-otagiri Hydroelectric Power Station	D	2026/5	2027/3	Replacement of Shin-otagiri Hydroelectric Power Station signal relay panel
Civil engineering	Civil engineering equipment	Kitamatado Hydroelectric Power Station simplified ITV equipment	Simplified ITV x 3 units	1	Set	Kitamatado Hydroelectric Power Station	D	2026/5	2027/3	Replacement of Kitamatado Hydroelectric Power Station simplified ITV equipment
Civil engineering	Civil engineering equipment	Shin-otagiri Hydroelectric Power Station seismic emergency water intake shutoff equipment storage battery	Replacement of storage battery	1	Set	Shin-otagiri Hydroelectric Power Station	D	2026/5	2026/10	Replacement of Shin-otagiri Hydroelectric Power Station seismic emergency water intake shutoff equipment storage battery
Civil engineering	Civil engineering equipment	Wagou Hydroelectric Power Station machine-side panel parts	Replacement of machine-side panel parts (relays)	1	Set	Wagou Hydroelectric Power Station	D	2026/5	2027/3	Repair of Wagou Hydroelectric Power Station machine-side panel parts

FY2026 Major Equipment and Materials Procurement Plan

Division	Equipment category	Item	Detailed specifications	Quantity	Unit	Place of delivery	Scale class	Expected order	Expected delivery	Project title
Civil engineering	Civil engineering equipment	Machine-side panel for B-rank gate	Yahagi Daini Hydroelectric Power Station intake Emergency gate machine-side panel	1	Set	Yahagi Daini Dam	D	2026/6	2027/2	Replacement of Yahagi Daini Hydroelectric Power Station intake emergency gate machine-side panel
Civil engineering	Civil engineering equipment	Conveyor chain	Sakaigawa Dam dust collector conveyor chain	1	Set	Kunowaki Hydroelectric Power Station	D	2026/6	2027/3	Repair of Kunowaki Hydroelectric Power Station dust collector conveyor
Civil engineering	Civil engineering equipment	Spillway gate winding machine	Manual aid	1	Set	Shimohara Hydroelectric Power Station	D	2026/6	2027/3	Installation of manual aid for Shimohara Hydroelectric Power Station spillway gate winding machine
Civil engineering	Civil engineering equipment	Debris boom parts	-	1	Set	Karuizawa Town, Nagano Prefecture	D	2026/6	2026/10	Repair of Nagakura Hydroelectric Power Station Dorogawa intake debris boom
Civil engineering	Civil engineering equipment	Dust collector parts	-	1	Set	Minamimaki Village, Nagano Prefecture	D	2026/6	2026/11	Repair of Uminokuchi Hydroelectric Power Station water tank dust collector
Civil engineering	Civil engineering equipment	Douzuki Hydroelectric Power Station grit chamber water control gate winding machine stem nut	Replacement of grit chamber water control gate winding machine stem nut	1	Set	Douzuki Dam	D	2026/7	2027/2	Replacement of Douzuki Hydroelectric Power Station grit chamber water control gate winding machine stem nut
Civil engineering	Civil engineering equipment	Conveyor chain	Ooma Dam dust collector Unit 1 conveyor chain, Ooma Dam dust collector Unit 2 conveyor trough plate	1	Set	Ooma Hydroelectric Power Station	D	2026/7	2027/3	Repair of Ooma Hydroelectric Power Station dust collector conveyor
Civil engineering	Civil engineering equipment	DC power supply device	-	1	Panel	Otari Village, Nagano Prefecture	D	2026/8	2027/11	Replacement of DC power supply device for Himekawa Daisan Hydroelectric Power Station main standby power generation device
Civil engineering	Civil engineering equipment	DC power supply device	-	1	Panel	Hakuba Village, Nagano Prefecture	D	2026/8	2027/12	Replacement of DC power supply device for Himekawa Daini Hydroelectric Power Station main standby power generation device
Civil engineering	Civil engineering equipment	Dust collector parts	-	1	Set	Azumino City, Nagano Prefecture	D	2026/8	2027/11	Repair of Nakabusa Daiyon Hydroelectric Power Station water tank dust collector
Civil engineering	Civil engineering equipment	Electric winch	Shiogou Dam dust discharging device	1	Set	Kawaguchi Hydroelectric Power Station	D	2026/10	2027/3	Repair of Kawaguchi Hydroelectric Power Station Shiogou Dam dust discharging device
Civil engineering	Civil engineering equipment	Machine-side panel for B-rank gate	Dam scouring sluice, etc.	2	Panels	Ozu Dam	D	2027/1	2028/2	Replacement of machine-side panel for Ozu Dam scouring sluice, etc., at Kuze Hydroelectric Power Station
Civil engineering	Other components	Elevating equipment	Replacement of Hatanagi Daiichi Dam elevating equipment parts (control panel, winding machine, etc.)	1	Set	Hatanagi Daiichi Hydroelectric Power Station	A	2026/4	2027/10	Improvement of elevating equipment for Hatanagi Daiichi Hydroelectric Power Station Hatanagi Daiichi Dam
Civil engineering	Other components	DC power supply device	DC power supply device for high-voltage power receiving panel (Output: DC 100 V, 90 AH)	1	Unit	Mazegawa Daiichi Hydroelectric Power Station selective water intake tower	C	2026/6	2027/6	Replacement of DC power supply device for receiving high-voltage power for Mazegawa Daiichi Hydroelectric Power Station selective water intake
Civil engineering	Other components	Monorail equipment	Repair of deteriorated penstock monorail parts	1	Set	Osakagawa Hydroelectric Power Station penstock	D	2026/4	2026/11	Repair work for Osakagawa Hydroelectric Power Station penstock monorail
Civil engineering	Other components	Air conditioning equipment	Replacement of air conditioning equipment	1	Set	Akigami Dam Management Office	D	2026/6	2027/2	Replacement of air conditioning equipment for Asahi Hydroelectric Power Station Akigami Dam Management Office
Civil engineering	Other components	Air conditioning equipment	Replacement of air conditioning equipment	1	Set	Mazegawa Daini Dam Management Office	D	2026/6	2027/2	Replacement of air conditioning equipment for Mazegawa Daini Hydroelectric Power Station Dam Management Office
Civil engineering	Dam management equipment	Turbidity measurement device by water depth	Automatic water quality observation device	1	Set	Takane Daiichi Dam	C	2026/4	2026/10	Replacement of turbidity measurement device by water depth for Takane Daiichi Hydroelectric Power Station
Civil engineering	Dam management equipment	Turbidity measurement device by water depth	Automatic water quality observation device	1	Set	Asahi Dam	C	2026/4	2027/4	Replacement of turbidity measurement device by water depth for Asahi Hydroelectric Power Station Asahi Dam
Civil engineering	Dam management equipment	Gate machine-side panel, valve control panel	Machine-side panel (C rank), water filling valve control panel	2	Panels	Churo Hydroelectric Power Station drainage canal, etc.	D	2026/6	2027/3	Repair of machine-side panel for drainage canal outlet shaft water control gate, etc., at Churo Hydroelectric Power Station
Civil engineering	Dam management equipment	Machine-side panel for C-rank gate	Machine-side panel (C rank) for 2 gates	1	Panel	Mazegawa Daiichi Hydroelectric Power Station waste-water port	D	2026/6	2027/3	Repair of machine-side panel for Mazegawa Daiichi Hydroelectric Power Station drainage canal water control gate
Civil engineering	Civil engineering equipment	Kitamatado Hydroelectric Power Station grit chamber dust collector	Replacement of Usagiborasawa confluence grit chamber dust collector	1	Set	Kitamatado Hydroelectric Power Station	B	2026/12	2028/11	Replacement of Kitamatado Hydroelectric Power Station Usagiborasawa confluence grit chamber dust collector
Civil engineering	Civil engineering equipment	Hirugami Hydroelectric Power Station winding machine components	Replacement of clock-operated opening meter and reducer	1	Set	Hirugami Hydroelectric Power Station	C	2026/4	2026/11	Repair of winding machine for Hirugami Hydroelectric Power Station Yokokawa Dam scouring sluice, etc.
Civil engineering	Civil engineering equipment	Debris boom	Dam upstream debris boom, 320 m Replacement of cable passage gate x 1 unit	1	Set	Mazegawa Daini Dam	C	2026/4	2026/10	Replacement of Mazegawa Daini Hydroelectric Power Station Dam upstream debris boom
Civil engineering	Civil engineering equipment	Wire rope	6 × 61, Type B, G/0 and G/S, φ60 × 19 m, etc.	10	Pcs	Takane Daiichi Dam, etc.	C	2026/5	2026/11	Purchase of wire rope for repair of Takane Daiichi Hydroelectric Power Station spillway gate wire rope
Civil engineering	Civil engineering equipment	Matsukawa Daiyon Hydroelectric Power Station dust collector components	Repair of water tank dust collector	1	Set	Matsukawa Daiyon Hydroelectric Power Station	C	2026/6	2026/12	Repair of Matsukawa Daiyon Hydroelectric Power Station water tank dust collector
Civil engineering	Civil engineering equipment	Dust collector	Rake, rake chain, bearing, etc.	1	Set	Nishimura Dam	C	2026/7	2027/1	Repair of Seto Daini Hydroelectric Power Station Nishimura Dam intake dust collector
Civil engineering	Civil engineering equipment	Ohkubo Hydroelectric Power Station intake debris boom	Replacement of debris boom	1	Set	Ohkubo Hydroelectric Power Station	C	2026/12	2030/3	Replacement of Ohkubo Hydroelectric Power Station intake debris boom
Civil engineering	Civil engineering equipment	Hiyoshi Hydroelectric Power Station grit chamber dust collector components	Repair of conveyor	1	Set	Hiyoshi Hydroelectric Power Station	D	2026/4	2026/11	Repair of Hiyoshi Hydroelectric Power Station grit chamber dust collector conveyor
Civil engineering	Civil engineering equipment	Dust collector	Rake motor, guide roller, etc.	1	Set	Seto Daini Hydroelectric Power Station water tank	D	2026/5	2026/10	Repair of Seto Daini Hydroelectric Power Station water tank dust collector
Civil engineering	Civil engineering equipment	Hiyoshi Hydroelectric Power Station water tank scouring sluice winding machine	Replacement of winding machine	1	Set	Hiyoshi Hydroelectric Power Station	D	2026/7	2027/11	Replacement of Hiyoshi Hydroelectric Power Station water tank scouring sluice winding machine
